Presents...

A co-operative new church planting venture between a capella Churches of Christ and independent Christian Churches.

In partnership with Impact Canada, Journey Christian Church will launch in Calgary, Alberta on Sept. 24, 2006! The Lead Planter, Troy Hodgson has served as Sr. Minister at the non-instrumental Calgary Church of Christ for 6 years. Troy will lead a combined team and core group comprised of individuals from both streams of the movement.

One hundred years ago the great divide between independent Christian Churches and Churches of Christ was formally recognized. Now in 2006 we celebrate the efforts being made to heal this division by planting a unified new church with the support of Christians from both sides of the keyboard!

Exciting Times!

We believe that God is preparing us to do something significant in S.E. Calgary. With thousands of families moving into the area every month, we are convinced that a church ready to reach out in relevant ways with God's message will experience significant growth.

Journey launches in the fall of 2006 and we want to give you the opportunity to be a part of what God is doing here. Impact Canada and other Canadian Restoration Movement Churches have partnered to help launch Journey, however we are still in need of approximately \$100,000 over the first three years.

Whether or not you can help financially, what we really covet are your prayers. We hope that you're as excited as we are about having a front row seat to watch the Lord working!

100 Years Ago . . .

...the streams of the restoration movement split apart. But here we are a century later working together to expand the Kingdom! "How wonderful and beautiful it is when brothers and sisters live together in unity." Psalm 133:1

Imagine...

Working together in Jesus' name!

Partnering to reach hundreds...

Thousands...with the Gospel!

You can help make it happen!

If you want to partner with Impact Canada to help the new church plant in Calgary, Alberta, please contact our office for more details.
